How to Use This Book

Welcome, little learner! This book helps your child recognize, trace, and write the numbers 0 to 20.

1. Start with the tracing pages. Trace each dotted number slowly, following the light gray guide lines.
2. Use the counting pages to count the pictures and write the correct number in the box.
3. The missing-number pages build number order and counting-on skills. Fill in the number that belongs in the blank.
4. Check work with the Answer Key at the back of the book.

Tips for grown-ups:

- Keep sessions short and fun (10-15 minutes).
- Praise effort, not just correct answers.
- Use a pencil so mistakes are easy to erase.
