Trace the ABCs - Capital Letters A to Z

Handwriting Practice for Kids Ages 3-5

A B C

1 2 3 ... it's as easy as A B C!

How to Use This Workbook

This workbook helps your child learn to write the capital letters A to Z through fun, guided tracing practice.

1. Look at the big letter at the top of each page.
2. Trace the light gray letters from left to right.
3. Follow the dashed middle line to keep letters neat.
4. Say the letter and its picture word out loud (A is for Apple!).
5. Then write the letter all by yourself on the blank lines.

Tip for grown-ups:

Use a pencil, keep each session short and playful, and praise every attempt. Repetition builds confidence and steady hands.

There are four pages for every letter, plus review pages and a completion certificate at the end. Have fun learning the ABCs!
